Being Mindful

Do we still need to take engagement photos?

How important are getting ready photos for spouse one?

How important are getting ready photos for spouse two?

How far away or close are our getting ready locations to one another?

What are the most important group photos to capture?

Is it just immediate family?

Extended family?

Bridal Party?

Are we planning on doing a first look?

Or a first touch?

Or private vows?

What about a first look with parents?

Would we like to print these photos as a keepsake? Or for the walls of our home?

What means more: posed photos or candid photos that allow me to be present?

How important is it to get a photo of our send off moments?

What details are most important to have photos of?

Discovery Call. If you haven't had your discovery call with Nettik Photography yet, your next step would be to schedule one. During our discovery call, I love to hear your vision for your big day and help suggest the best wedding package for you based on your needs. This gives you an opportunity to ask questions, decide if we pass each other's vibe check and feel more confident before making any kind of investment.

Getting on the Books. After we decide the best package and add-ons for your wedding photography, I will send over two documents. The first is the client contract with all the nitty gritty about what can be expected from our project together. The second is your invoice with the breakdown of your package. **To finalize booking and lock in your date, the client contract must be signed and a 50% non-refundable retainer will be required.**

Payment Schedule. 50% of your total package cost will be required at the time of booking and the remaining 50% of your total package cost will be scheduled for one week prior to your event.

Frequently Asked

Do I get all the photos?

You can request all RAW photos from your wedding day for a fee. Right now that fee is \$250.00, but it is subject to change over time. At the time of signing the contract, the RAW photo request fee will be included and honored.

Do you charge a travel fee?

Travel fees vary depending on distance from Flagstaff, Arizona.

Expect travel fees for the following circumstances:

50-100 Miles: \$150.00

100-200 Miles: \$300.00

200-400 Miles: \$600.00

Out of State Projects: \$1,500.00

Out of Country Projects: \$2,500.00

What is your payment plan policy?

At the time of booking clients must submit a 50% deposit (which goes toward the total cost of the event) and sign the client contract. The remaining 50% will be due one week before your event.

How are photos delivered?

Photos are delivered digitally on the Pixieset platform, which allows clients to download, share and print photos all in one place. Some wedding packages include a custom USB drive with your gallery will be included in your package as a gift!

How are you different from other photographers?

I try to go into each project with an attitude of sisterhood. Coming from a family of six, learning to navigate relationships with my siblings has been instrumental in how I approach relationships with my clients. I want everyone to feel included, relaxed, safe, comfortable and confident.

Do I have to pay for extra photos and / or images without watermarks?

I never watermark client's photos! And I will deliver all the BEST photos from your day. However, if you feel that any images are missing from your final gallery, I do allow clients to purchase all their RAW files from the day for a fee.

Do you offer videography services?

Nettik Photography does not offer videography services, however I do partner with some excellent videographers and our Photography and Videography Packages can be viewed [here](#).

Frequently Asked

What is your editing style?

I love to describe my editing style as **rich**. It may come off a little bit “moody” but I still love to honor true colors. The balance between the two is something unique and timeless.

How would you describe your photography style?

I describe my photography style as “documentary-style”. I love to capture lots of candid with minimal prompting. I love to be a part of your day without directing it so that it allows you to stay in the moment as much as possible.

What is your turnaround time?

Your photos are delivered between within 8 weeks of your event with most clients receiving their gallery within 4 weeks. The 8 week turnaround maximum is in place to give the photographer breathing room in the case of emergencies (family emergency, getting sick, etc).

Boundary Policies

If you've been following Nettik Photography on Instagram, you know I (Jessie, the owner and photographer) pride myself on transparency, humor and most importantly excellent ongoing relationships with clients. Many clients become long-term friends and it makes working together so much more fun!

However, it can also blur some lines when it comes to understanding healthy boundaries. And healthy boundaries are the utmost importance for both the photographer and client.

In order to uphold a positive client-photographer relationship, I do have a few policies in place that I ask you to be aware of as we enter this journey together! Please take a moment to read through these policies carefully.

Policy 1

I am here first and foremost to help document your day as authentically as possible. I aim to be a "supportive sister" presence on your big day to ensure your comfort expressing all the emotions that come with the tradition of marriage.

I understand that planning your big day can be stressful, however, between the time of booking through the delivery of your gallery **I cannot be treated as: a wedding coordinator, wedding planner, vendor coordinator, bridesmaid, weather person, or therapist.** Make sure to hire assistance as necessary to take weight off of your shoulders in these arenas.

Policy 2

While I do allow for texting the week of your wedding, please note that texting during that time should fall within my listed business hours of 9:30am - 2:45pm, Monday through Friday. Remember, most answers to questions can be found in your client contract.

Policy 3

Additionally, I welcome following one another on my personal Instagram account where I am transparent with my MLM BODi business and discussions on healthy habits! Having said that, I will not reply to DM's regarding photography services on this account and this is not an invitation to monitor where I'm at in your editing process. I am a human with many interests, hobbies, relationships and habits I utilize for leisure, rest and recovery.

Policy 4

Remember that email is always the best way to ensure your communication is properly documented and attended to.
